

ARCHITECTURAL DESIGNER

About this Job:

Hayes Design Group Architects (HDG) is seeking a motivated individual with 0 - 5 years of experience to assist with preparation of architectural projects from the initial programming through construction administration.

Responsibilities will include:

- Assisting with the production of drawings from conceptual design through construction documents.
- Coordinating with consulting engineers and product vendors.
- Assisting with construction administration.
- Working with intermediate or senior level staff to review work for intent, quality, and precision.
- Creating renderings, or other graphic documents for meetings, presentations, or submittals.
- Participating in the ongoing review and improvement of office efficiency and production.

Requirements:

- Accredited BArch or MArch degree required
- Revit proficiency preferred

In addition to strong architectural design capabilities, the ideal candidate would be:

- A team player with a positive attitude and strong communication skills
- Well organized and detail-oriented
- Able to take direction and work independently
- Able to oversee multiple short and long-term tasks with minimal supervision

About HDG:

Hayes Design Group Architects (HDG), established in 1992, is a full-service architectural firm offering pre-design services through construction administration services for a wide variety of project types, including educational, religious, governmental, and commercial projects in the Pittsburgh area, and also in OH, WV, MD, and NY. HDG fosters a collaborative and design-oriented work environment centered on professional development and offering opportunities for social and community service involvement.

Our talented team of professionals pride themselves on upholding professional integrity with a commitment to excellent service. Our firm culture integrates collaboration and multiple perspectives to problem solve in a design-oriented environment, and allows for career growth opportunities and increased responsibility. We strive to mentor younger professionals through hands-on experience, teaming them with experienced professionals on every project. We are committed to supporting each design professional to become a well-rounded Architect, working with them to complete the AXP process and become licensed.

HDG is located just 8 miles west of downtown Pittsburgh. Additional information can be found on our website at www.hayesdesign.com.

Architectural Designer Position
